Lucas Gallardo

Systems Analyst | C# Developer

lucas.gallardo.camilli@gmail.com • Agronomía, Buenos Aires • Driver's License B1 • github.com/Galla1980 • +54 9 11 3061-3554

PROFESSIONAL OBJECTIVE

Systems Analyst and Systems Engineering student with strong knowledge of C# and design patterns (Singleton, Observer, Composite). Focused on developing scalable software using layered architectures. Seeking my first professional experience to apply my technical skills and continue growing within the .NET ecosystem.

PROJECTS

.NET Desktop Application

Library management system developed in C# WinForms to handle loans, returns, and book inventory control.

- Designed and developed a desktop application for managing library operations
- Implemented design patterns and services for user management
- Applied layered architecture (GUI-BLL-DAL)

Mobile Application

Collaborated in the design and development of a mobile app that scans packaged products and provides nutritional information.

- Created diagrams and development documentation
- Integrated database connectivity to retrieve product details
- Developed mobile UI using React Native

Informational Website

Contributed to the development of the institutional website for Technical School No. 36, aimed at providing academic and administrative information.

- Built the website using WordPress
- Conducted interviews with academic staff to define requirements
- Configured and customized WordPress templates

EDUCATION

Systems Engineering

Universidad Abierta Interamericana
2023 - 2027

Systems Analyst

Universidad Abierta Interamericana
2023 – 2025
Intermediate degree within the Engineering program
GPA: 8.9

Computer Technician

Technical School No. 36 "Almirante Guillermo Brown"
2017 – 2022

CERTIFICATIONS

- Google Cloud Computing Foundations - Google Academy
- Data Communication and Network Technology - Huawei ICT Academy

SKILLS

C# | C | Python | SQL Server | Git | Design Patterns | Layered Architecture

LANGUAGES

- **Spanish:** Native
- **English:** Upper-Intermediate (B2)
